

IN FALDA

The classic and fascinating nature of travertine is reinterpreted by **Cir Ceramiche** in the new collection **IN FALDA**, inspired by the characteristic cloudy texture of blocks cut in this direction. The antiqued aesthetics of **IN FALDA** porcelain stoneware and the selection of elegant, warm and enveloping colours blend with the creative style of the Gruppo Romani brand through the use of small sizes, suitable for both walls and floors, even in decorative and rustic-inspired modular installation layouts.

Travertino Navona, Perlato di Sicilia, Marmo Primavera, Pietra di Rapolano and In Falda blu, the colours of **IN FALDA**, recreate the typical dominant shades of the material, which vary depending on the quarry of origin, and respect the varied patterns of natural travertine.

IN FALDA clothes the surfaces of residential and commercial interiors, bestowing a timeless atmosphere that is suitable for building restorations as well as a source of inspiration when paired with colours and materials typical of contemporary design.

A special mention goes to the decorations created on the solid colour basic tiles of **IN FALDA**. The collection **DESIGN ITALIANO** is an elegant, fun and minimalist silhouettes featuring black and white.
